Volvo Group North America
The drive toward a sustainable future

Keith Brandis, Vice President Partnerships and Strategic Solutions
What we do

Volvo Group offers trucks, buses, construction equipment, power solutions for marine and industrial applications, financing and services that increase our customers’ uptime and productivity.

We contribute to the development of electrified and autonomous solutions for the benefit of customers, society and for the environment.
Commitment 2040
100% Fossil Free
100% Safe
100% More productive
Volvo Group North America

- 30% of Group’s net sales (2019)
- Approx. 17,000 employees (2019)
- Fourteen major manufacturing sites
- Only heavy-duty truck group with 100% U.S. production for the NA market
- Global HQ for Mack Trucks, Volvo Financial Services
California LIGHTS Project

• **Low Impact Green Heavy Transport Solutions**

  • Public-Private Partnership totaling $90 MUSD
    – California Air Resources Board (CARB) awarded bid $45 MUSD to South Coast Air Quality Management District

  • Project Objectives: Create end-to-end near zero emission eco system at selected California freight sites
    – Reduce Greenhouse Gas emissions
    – Strengthen the local economy
    – Improve public health and the environment
    – Match our Volvo Group vision of zero emission transport
