

8:00 AM–9:00 AM	REGISTRATION & BREAKFAST													
9:00 AM–10:30 AM	SECTOR MEET-UPS													
	Multifamily Sector Meet-up		Commercial Sector Meet-up			Industrial Sector Meet-up			Public Sector Meet-up					
10:30 AM–11:00 AM	NETWORKING BREAK													
11:00 AM–12:00 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES			ORGANIZATIONAL STRATEGIES			ACHIEVING DECARBONIZATION		BEYOND ENERGY		MULTIFAMILY	INDUSTRIAL	FINANCING	
	Taking Control(s): Leading with Building Performance			People Power: How Employee Engagement and Behavioral Changes Impact Sustainability		Procurement Problems: A Guide on How to Address and Mitigate Procurement Difficulties	Playing in the Sandbox: Inviting External Collaborators to Support Climate Goals in the Public Sector	Round-the-Clock Resilience: Navigating the Challenges of Decarbonizing Critical Facilities	From Targets to Action: How Organizations Developed an Actionable GHG Emissions Reduction Plan	Navigating the Landscape of Waste Management and Reuse		Listen Up: Engaging Residents in Multifamily Decarbonization Projects	Current Affairs: Implementation of Industrial Electrification Projects	Show Me the Money: Selling Financing Strategies to Achieve Savings
12:00 PM–1:45 PM	OPENING PLENARY & LUNCH													
2:00 PM–3:30 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES					ACHIEVING DECARBONIZATION		BEYOND ENERGY		MULTIFAMILY	INDUSTRIAL			
	Home Energy Labeling Lessons Learned in Pursuit of Transparency and Efficiency			Better Buildings and Innovation: Partners Catalyzing Research, Development, and Deployment of Emerging Technologies			The New Standard: Building Performance Standards Compliance Strategies	Best of the Besters: 2024 Better Project Winners	Champions of Change: Perspectives from Women Leading in Clean Energy		Many Journeys, One Destination: Pathways Towards Electrification in Multifamily Housing	Taking the Hy Road: Clean Hydrogen for Industry		
3:30 PM–4:00 PM	NETWORKING BREAK													
4:00 PM–5:30 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES			ORGANIZATIONAL STRATEGIES			ACHIEVING DECARBONIZATION		BEYOND ENERGY		MULTIFAMILY	INDUSTRIAL		
	Current Solutions: How to Electrify Water Heating in Your Buildings 4:00-5:00	Prove It: Results and Next Steps from the Industrial Technology Validation Pilot 4:00-5:00	Bang For Your Buck: Energy Efficient Building Technology Investments that Yield the Highest Rate of Returns 4:00-5:00	Unlocking the Value of Data: Exploring Tools, Reporting Methods, and Analysis 4:00-5:00			Audits for Climate Action: Scoping (or how to scope) GHG Emissions Reduction Audit 4:00-5:00	The Dynamic Duo: Integrating Onsite Renewable Energy and Storage to Maximize Decarbonization Efforts 4:00-5:00	Water, Water, Everywhere: Organization-Wide Practices to Improve Water Efficiency 4:00-5:00	Decarbonization for All: Paving the Way for Inclusive Solutions	Multifamily IRA Buffet 4:00-5:00	Heating Up: Options for Decarbonizing Industrial Process Heat		

8:00 AM–9:00 AM	REGISTRATION & BREAKFAST											
9:00 AM–10:15 AM	POWER TO THE PLENARY: YOUR SUMMIT YOUR VOTE											
10:30 AM–12:00 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES		ORGANIZATIONAL STRATEGIES			ACHIEVING DECARBONIZATION			INDUSTRIAL	FINANCING		
	Help Has Arrived: Solutions for Heating System Decarbonization	15 to Phasedown: Best Practices for Replacing HFCs with Low-GWP Refrigerants	Telling Your Decarbonization Success Story		The Ally Perspective: Innovations in the Marketplace		Best of the Betters: 2024 Better Practice Winners			Insight into Onsite Energy: Onsite Renewable Energy and Storage for Industry	Preparing to Finance: Evaluating Decarbonization Projects	
12:00 PM–1:30 PM	NETWORKING LUNCH											
1:30 PM–2:30 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES		ORGANIZATIONAL STRATEGIES			ACHIEVING DECARBONIZATION			MULTIFAMILY	INDUSTRIAL		
	Lighting a Path: Leaders in Advanced Lighting System Upgrades		Don't Silo Sustainability: Improving Internal Coordination on Energy and Emissions Goals	Weather It Together: Energy Strategy and Community Resilience	I'd Buy That for a Dollar: How to Get Buy-In for Decarbonization Efforts at Your Organization		Blowing Off Steam: Decarbonizing District Steam Systems	Digging Deeper: Embodied Carbon in Commercial Buildings	Driving Forward: Developing Infrastructure to Charge Electric Vehicles	Use Your Common Sensors: Data Tracking and Monitoring for Optimizing Multifamily Building Performance	Choose-Your-Own-Solution 3.0	Pump it Up: Industrial Heat Pumps
