

7:30 AM–8:30 AM	REGISTRATION & BREAKFAST									
8:30 AM–9:30 AM	SECTOR MEET-UPS									
	PUBLIC SECTOR MEET-UP		MULTIFAMILY MEET-UP			COMMERCIAL SECTOR MEET-UP		INDUSTRIAL SECTOR MEET-UP		
9:30 AM–11:15 AM	OPENING PLENARY									
11:30 AM–1:00 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES	ENERGY LEADERSHIP: PLANNING & PRACTICES				ENTERPRISE-WIDE STRATEGIES & SOLUTIONS		MULTIFAMILY	INDUSTRIAL	FINANCING
	Get Pumped! Improving Heating Efficiency Across Climate Zones	Best of the Betters: 2025 Better Project Winners	Preparing for Impact: The Power of Resilience Measures and Planning	Reaching Higher: Crafting Long-Term Strategies for Building Portfolio Improvements Beyond the Low-Hanging Fruit	Taking Center Stage: Prioritizing Central Plant Efficiency Strategies	Winning Strategies for Sharing Your Success: Engaging Internal and External Audiences	Glass Half Full: Leveraging Water Efficiency, Reuse, and Organizational Strategies for Saving Water	From Data to Decisions: Skills for Optimizing Multifamily Energy Audits	Clean Sweep: Industrial Clean Heat Technologies	Best of the Finance Innovation Recognition
1:00 PM–2:30 PM	NETWORKING LUNCH									
2:30 PM–3:30 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES	ENERGY LEADERSHIP: PLANNING & PRACTICES				ENTERPRISE-WIDE STRATEGIES & SOLUTIONS		MULTIFAMILY	INDUSTRIAL	FINANCING
	Heating and Cooling Buildings with Geothermal Systems	Lessons From the Field: Best Practices for Advanced Rooftop Unit Controls	What's Cooking? Energy Efficiency and Health in Kitchens	If You Can't Measure It, You Can't Improve It: Building and Portfolio Energy Management Tools	Go for the Goal: Learning from the Latest Goal Achievers	Automate, Aggregate, Elevate: The Benefits of Data Automation for Building Portfolios	Let's Get Engaged: Working with Stakeholders on Strategic Resiliency and Efficiency Efforts in Commercial Buildings	Breathe Easy: Resident-Centered Approaches for Improved Indoor Air Quality	Money Talks: Financial Analysis for Industrial Improvement Projects	A Valuable Session: Managing Transition Risk and Understanding Valuation
3:30 PM–4:00 PM	NETWORKING BREAK									
4:00 PM–5:30 PM CONCURRENT TRACKS	EMERGING TRENDS & TECHNOLOGIES	ENERGY LEADERSHIP: PLANNING & PRACTICES				ENTERPRISE-WIDE STRATEGIES & SOLUTIONS		INDUSTRIAL	FINANCING	
	Building Envelope Innovations: Achieving Energy Efficiency Goals Through Envelope Improvements  4:00-5:00	Preserving the Past: Efficiency Strategies for Historic Buildings  4:00-5:00	Planning Ahead: Comprehensive Operational Planning	Beating the Heat: Maximize Your Refrigerant Capabilities	Best of the Betters: 2025 Better Practice Winners	Energy Efficient-SHE	Powering the Future: How Data Centers Can Overcome Emerging Energy Challenges  4:00-5:00	Getting Pumped Up: Accelerating Innovation in Industrial Heat Pumps	Match Me If You Can: Financing Edition	

7:30 AM–8:30 AM	<b>REGISTRATION &amp; BREAKFAST</b>									
9:00 AM–10:30 AM	<b>HEARING FROM THE EXPERTS: EMERGING TECHNOLOGIES AND THINGS TO WATCH</b>									
10:30 AM–11:00 AM	<b>NETWORKING BREAK</b>									
11:00 AM–12:00 PM CONCURRENT TRACKS	<b>EMERGING TRENDS &amp; TECHNOLOGIES</b>	<b>ENERGY LEADERSHIP: PLANNING &amp; PRACTICES</b>		<b>ENTERPRISE-WIDE STRATEGIES &amp; SOLUTIONS</b>			<b>MULTIFAMILY</b>	<b>INDUSTRIAL</b>		
	The Cutting Edge: Managing Your Buildings Operability with the Electric Grid for Reliable EV Charging	To The Lab: Laboratory Efficiency and Resiliency Approaches	Harvesting Easy Wins: Commissioning and Program Models for Efficiency and Building Performance	Change from Within: How Organizations Successfully Pursued Cost-Effective Priorities	Trash Talk: Embedding Waste Reduction into Business Practices	Integrating Indoor Air Quality Guidelines and Energy Reduction Goals	Long-Term Planning for Big-Time Savings at Multifamily Properties	Back to the Future: Strategically Incorporating Emerging Technologies		
12:00 PM–1:00 PM	<b>NETWORKING LUNCH</b>									
1:00 PM–2:00 PM CONCURRENT TRACKS	<b>ENERGY LEADERSHIP: PLANNING &amp; PRACTICES</b>		<b>ENTERPRISE-WIDE STRATEGIES &amp; SOLUTIONS</b>			<b>MULTIFAMILY</b>	<b>INDUSTRIAL</b>	<b>FINANCING</b>		
	Maximizing the Grid: Strategies for Distributed Energy Resource Generation and Storage		Failing Forward: Lessons from Ideas That Didn't Go as Planned			Sun-sational Savings: Multifamily Case Studies in Solar and Battery Storage	The Road to Energy Independence: Exploring Onsite Energy Options for Industry	Beyond Rebates: Partnering With Your Utility for Affordable Updates
