Better Buildings Financing Navigator

New Online Tool to help partners find financing solutions for energy efficiency projects.

Through the Navigator, you can:

- Learn the basics of the energy efficiency financing market
- Explore and compare financing options
- Connect directly with Financial Allies who can provide these options

The screenshot shows the website header with the Better Buildings logo (U.S. DEPARTMENT OF ENERGY) and social media icons for email, Twitter, and LinkedIn. A search bar is visible on the right. Below the header is a navigation menu with links: Navigator Home, Explore options, Find financing, Connect with Financial Allies, and About the Navigator. A light blue banner reads "BETTER BUILDINGS FINANCING NAVIGATOR". Below this is a paragraph: "There are many ways to finance energy efficiency projects in buildings you own or occupy. The Navigator helps you cut through this complexity to secure financing that works for you." Underneath is a section titled "What would you like to do?" with three interactive cards: "Explore financing options" (with a lightbulb image), "Find financing that fits your needs" (with a city skyline image), and "Connect with Financial Allies" (with a handshake image). Each card has a right-pointing arrow.
