

8:00 AM	REGISTRATION OPENS			
8:30 AM–9:30 AM	BREAKFAST			
CONCURRENT TRACKS 9:30 AM–12:00 PM	INDUSTRIAL & MANUFACTURING	SECTOR MEET-UPS		
	Industrial Meet-Up	Commercial Real Estate Meet-Up	Data Center Meet-Up	Education Meet-Up Healthcare & Hospitality Meet-Up
LUNCH PLENARY 12:00 PM–1:30 PM	LUNCH PLENARY			
CONCURRENT TRACKS 2:00 PM–3:30 PM	INDUSTRIAL & MANUFACTURING	ACHIEVING RESILIENCE	OPTIMIZING CRITICAL FACILITIES	BEYOND ENERGY
	Best of the Betters – 2020 Better Project and Better Practice Presentations	Building a Resilient Portfolio	Seven Minutes of Smart Labs	Measuring Up to the Equity Challenge: Energy Affordability and Equity Planning
3:30 PM–4:00 PM	NETWORKING BREAK AND ASK-AN-EXPERT			
CONCURRENT TRACKS 4:00 PM–5:30 PM	INDUSTRIAL & MANUFACTURING	EMERGING TECHNOLOGIES	OPTIMIZING CRITICAL FACILITIES	BEYOND ENERGY
	Challenge the Champions (and Rising Stars)	When the Time is Right: Strategies for Implementing Innovative and New Technologies	Stump the Chumps: How to Optimize Critical Facilities	Healthy Housing: Combining Energy + Health Upgrades in Multifamily Housing
5:30 PM–7:00 PM	NETWORKING RECEPTION			

REGISTRATION OPENS					
BREAKFAST					
SECTOR MEET-UPS					
State Government Meet-Up	Local Government Meet-Up	Multifamily Meet-Up	Retail, Food Service, and Grocery Meet-Up	Workforce Development Meet-Up	Financial Ally Roundtable
LUNCH PLENARY					
STRATEGIES FOR SUCCESS					RENEWABLES & ZERO ENERGY
DATA DRIVEN RESULTS	FINANCING	PLANNING, PROJECTS, & PROGRAMS		State and Local Actions to Scale Next Generation Buildings	
Succeed with Submetering: How to Make the Business Case	Act Your Age: What's Next as Commercial PACE Turns 10	Residential Energy Efficiency: Strategies and Tools for Communities	Spotlight on Success with the 50001 Ready Navigator		
NETWORKING BREAK AND ASK-AN-EXPERT					
STRATEGIES FOR SUCCESS				RENEWABLES & ZERO ENERGY	
DATA DRIVEN RESULTS	FINANCING	PLANNING, PROJECTS & PROGRAMS	COMMUNICATIONS & ENGAGEMENT	Optimize, Integrate, Analyze: Best Practices for Distributed Energy Resources	Program Design with Everyone in Mind: Successful Low-Income Solar Programs
Take Control of Your Data: The Seven Steps to a Better Building	The Dynamic Duo: Financing and Technical Assistance Unleash Energy Savings in the Public Sector	Reducing Your Carbon Footprint Starts at Home	The Secrets of Better Buildings Goal Achievers		
NETWORKING RECEPTION					

7:30 AM	REGISTRATION OPENS				
8:00 AM–8:45 AM	BREAKFAST				
CONCURRENT TRACKS 8:45 AM–10:15 AM	INDUSTRIAL & MANUFACTURING	ACHIEVING RESILIENCE	OPTIMIZING CRITICAL FACILITIES	BEYOND ENERGY	EMERGING TECHNOLOGIES
	Choose-Your-Own-Solution: Interactive Problem-Solving for Common Energy Efficiency Barriers	The Road to Resilience: Setting Energy Savings as a Strategic Priority for Wastewater Treatment Plants	Running on "Island Time": Distributed Energy Resource Planning for Resilience at Critical Facilities	Jump In, the Water's Fine!: Liquid Cooling as Key to Containing Energy Use With the Rise of AI, Machine Learning, and the Edge	Automatic Fault Detection and Diagnostics: Focus on Facility Managers
10:15 AM–10:45 AM	NETWORKING BREAK AND ASK-AN-EXPERT				
CONCURRENT TRACKS 10:45 AM–12:15 PM	INDUSTRIAL & MANUFACTURING	OPTIMIZING CRITICAL FACILITIES	BEYOND ENERGY	EMERGING TECHNOLOGIES	
	PechaKucha on Industrial Energy Management	Distributed Energy Resources for Cost Savings and Resilience	Just What the Doctor Ordered: Exploring Health Benefits from Energy-Efficient Housing	EVs and Energy Storage: What's Down the Road	
LUNCH PLENARY 12:15 PM–2:15 PM	LUNCH PLENARY / GOAL ACHIEVER RECOGNITION				
CONCURRENT TRACKS 2:30 PM–3:45 PM	INDUSTRIAL & MANUFACTURING	ACHIEVING RESILIENCE	OPTIMIZING CRITICAL FACILITIES	BEYOND ENERGY	
	Have It Your Way: An Energy Efficiency Round-Robin	Health and Adaptation: The Impact of Home Performance on Resiliency	Everyone Has a Data Center: How to Be an Energy Champion for Yours	Early Best Practices from the Waste Reduction Pilot	The Energy & Health Nexus
3:45 PM–4:15 PM	NETWORKING BREAK AND ASK-AN-EXPERT				
CONCURRENT TRACKS 4:15 PM–5:30 PM	ACHIEVING RESILIENCE		BEYOND ENERGY		
	Building Resilient Communities: State and Local Perspectives	Planning for a Resilient Future: How Commercial Building Owners Can Measure, Manage, and Mitigate Financial Risk	Beyond Energy Savings: Quantifying the Additional Benefits for Energy Efficiency	Keep Your Head Above Water: Prioritizing Water Efficiency for Greater Savings	

REGISTRATION OPENS					
BREAKFAST					
STRATEGIES FOR SUCCESS					RENEWABLES & ZERO ENERGY
DATA DRIVEN RESULTS	FINANCING	COMMUNICATIONS & ENGAGEMENT	WORKFORCE DEVELOPMENT	What's Next? How to Invest in Renewable Energy After Tackling Efficiency	
Building Blocks for Energy Data Success: EMIS Best Practices and Lessons Learned	Multifamily Financing Roundtable: Financing Affordable Housing Retrofits	Getting Engaged: How to Talk About Your Efficiency Project	Building the Clean Energy Workforce in Buildings		
NETWORKING BREAK AND ASK-AN-EXPERT					
STRATEGIES FOR SUCCESS				RENEWABLES & ZERO ENERGY	
FINANCING	PLANNING, PROJECTS & PROGRAMS		WORKFORCE DEVELOPMENT	Multifamily Zero Energy: Design Strategies and Program Pathways	Going the Distance: Building Owners Partner with U.S. DOE Solar Decathlon on Zero Energy Buildings
Making Energy Efficiency Affordable for Underserved Residential Consumers	Leveling the SLOPE: Helping State and Local Governments Set and Reach their Energy Goals	Maximizing Energy Savings and Environmental Impacts through Next Generation Building Performance Policies	Energy Efficient-SHE: Women's Perspectives in Sustainability		
LUNCH PLENARY / GOAL ACHIEVER RECOGNITION					
EMERGING TECHNOLOGIES	STRATEGIES FOR SUCCESS			RENEWABLES & ZERO ENERGY	
De-Mystifying Artificial Intelligence for Building Operating Systems and Diagnostics	FINANCING	PLANNING, PROJECTS & PROGRAMS	COMMUNICATIONS & ENGAGEMENT	Multi-Building Approaches to Zero Energy	
	What's New in Energy Efficiency Finance?	Taking the Rural Route: Innovative Practices for Integrating Energy Efficiency	5-Minute Soapbox: Share Your Vision for the Future of Efficiency		
NETWORKING BREAK AND ASK-AN-EXPERT					
EMERGING TECHNOLOGIES		STRATEGIES FOR SUCCESS		RENEWABLES & ZERO ENERGY	
DOE Fireside Chat: Trends in Emerging Technology	New Approaches to Plug Load Management	PLANNING, PROJECTS & PROGRAMS		Maxing Out on Efficiency to Get Zero Energy Ready	
		Maximizing Performance in Affordable Housing New Construction	Opportunity of a Life Cycle: Fitting Energy Efficiency into Scheduled Interventions
