3rd Annual **Energy Challenge** October 1—28

I commit to use electricity responsibly in my home, classrooms and work spaces by:

- turning off all unnecessary lights and electronics;
- replacing incandescent light bulbs with energy efficient compact fluorescent light bulbs (CFLs)\*; \*get free CFLs from your RA or the Physical Plant
- turning off my computer every night;
- participating in the Fall Break energy shutdown;
- participating in fun Energy Challenge events held throughout October;
- and encouraging others in the campus community to help reduce electricity consumption by at least 10% throughout October.
