

Checklist v1

Energy Checklist Instructions

1. The checklists are provided for guidance. Feel free to add or remove items to customize for your hotel (ex. If your hotel has a firepit, or does not have a pool).
2. There is one checklist per tab. They are currently formatted to print on a single 8 1/2 x 11" page.
3. All hotels are responsible for the Housekeeping and Engineering checklists.
4. Select Service hotels do not have to complete the Banquet or Kitchen checklists.

Engineering

Checklist v1

Weekly Energy Checklist: Fab Four	
Hotel: _____	Time of Walk: _____
Date: _____	
Tasks	Comments
Mechanical Room	
Verify that all equipment is running at optimum efficiency	
Verify that the HVAC system is properly balanced	
Develop a "Load Shedding Schedule"	
Verify that flues are in good condition
